## S/N Surgery Consent Form

<b>OWNER</b>	<b>Date:</b>	Owner Name (First/Last):	
	Street Address:		
	Email Address:		
	Phone Number:	Secondary Name/Number:	

<b>ABOUT YOUR PET</b>	<b>Name:</b>	<b>Species:</b> <input type="checkbox"/> Cat <input type="checkbox"/> Dog	<b>Gender:</b> <input type="checkbox"/> Male <input type="checkbox"/> Female
	<b>Age:</b>	<b>Breed:</b>	<b>Color:</b>

Health Questions		REQUIRED (check Yes or No)
Has your pet had any abnormal increase/decrease in food/water intake, vomiting/diarrhea, cough/sneezing within the past two weeks? If yes, please explain:		<input type="checkbox"/> Yes <input type="checkbox"/> No
Are vaccinations current? Last time updated:		<input type="checkbox"/> Yes <input type="checkbox"/> No
Has your pet ever had a vaccine reaction?		<input type="checkbox"/> Yes <input type="checkbox"/> No
Does your pet have a history of seizures or other health issues? If yes, please describe:		<input type="checkbox"/> Yes <input type="checkbox"/> No
Is your pet on any medications, or have they had any injections in the last 30 days including insulin, thyroid, or steroids? If yes, list any medication and last time taken:		<input type="checkbox"/> Yes <input type="checkbox"/> No
Is your pet pregnant?		<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> Maybe <input type="checkbox"/> N/A (male pet)
Some pets experience nausea/vomiting due to anesthesia. Cerenia is an anti-nausea injection that helps counteract these symptoms. If needed, do you want to pre-approve us to administer Cerenia (additional \$40-\$60)		<input type="checkbox"/> Yes <input type="checkbox"/> No
<b>Does Valley Pet Surgery + have permission to use your pet's likeness in a photograph, video, or other digital media ("photo") in any and/or all its publications, including web-based publications, without payment or other consideration.</b>		<input type="checkbox"/> Yes <input type="checkbox"/> No

Valley Spay and Neuter Protocol	Required: Initials Only
---------------------------------	----------------------------

<b>CATS ONLY</b>	I understand that there is a possibility that my cat(s) will not be able to be examined until after sedation.	Int:
	I understand my cat(s) will be required to leave the clinic in SEPARATE SECURE PET-APPROVED CARRIERS. If my carrier is not suitable, or I do not have a separate carrier for each cat, I will be charged for a cardboard cat carrier.	Int:
<b>DOGS AND CATS</b>	Bloodwork is required for pets 5yrs and older. If you're already receiving bloodwork, please skip to next box. If you would like to know more about pre-surgical bloodwork, please ask a staff member. Cost is an additional \$50. I have been given a chance to ask questions about the pre-surgical blood screening provided by Valley Pet Surgery + and DECLINE at this time.	Int:
	I understand that if my pet is in heat, has an enlarged uterus, is pregnant, has pyometra (uterine infection), or is cryptorchid (undescended testicle(s)), I am prepared to pay any additional charges.	Int:
	I understand that if my pet is pregnant, the clinic must terminate any pregnancy discovered during the surgery.	Int:
	I understand that Valley Pet Surgery + requires my animal wear a cone collar to prevent post-surgical complications. If my animal comes back for a re-check due to licking, chewing, or scratching of the incision, I understand that I will be charged for the recheck and associated repair costs. Collar optional for uncomplicated male cat surgery but still recommended.	Int:
	<b>I understand that Valley Pet Surgery + is not a 24-hour facility and any pet(s) picked up after 4:00pm will incur a late fee of \$25 per pet.</b>	Int:
	<b>I understand that a rabies vaccine is required by law for dogs. If I do not provide proof of vaccination, the clinic is required to administer the vaccine, and I will be charged for the service (\$30).</b>	Int: <input type="checkbox"/> N/A <input type="checkbox"/> Provided

I understand that anesthesia, surgery, and medications given involve some risk to my pet, including but not limited to pain, bruising, infection, and death. Should an emergency arise, I authorize the medical staff to sedate my pet and/or perform such emergency procedures as may be necessary for the health of my pet until I can be notified.

I understand that if my pet has had ticks or currently has ticks, they are at a higher risk for complications during or after the surgery which may require emergency care at owner's expense.

The clinic is to use all reasonable precautions against injury, escape, or death of my pet. The clinic and staff will not be held liable for any problems that develop, provided reasonable care and precautions are followed. I understand that any problems that develop with my pet will be treated as noted above and I assume full responsibility for the treatment expense incurred. I understand that Valley Pet Surgery + is NOT open 24 hours a day; if my animal has medical issues after hours, I will need to take him/her to an emergency vet clinic at my own expense.

I understand that the clinic is not responsible for the loss or damage of personal items left with the pet including but not limited to leashes, collars, toys, crates, carriers, and bedding.

I understand that my pet will receive a small tattoo on his/her underside to show that he/she has been sterilized. (Mandatory)

Spaying and neutering have many health benefits but on rare occasions, this surgery may be associated with urinary incontinence, cancer, and orthopedic problems. Consult your family veterinarian to decide on the best age to spay or neuter your pet based on breed and physical condition.
